

BULLETIN 8

WET TYRES

In relation to article 29.11, please note that further to the introduction of the new WHB wet-weather tyre in Fuji, the following is decided on sporting grounds:

For testing, official practice, bronze session and pre-qualifying, either WHB or WHA may be used.

For Qualifying and the Races, only WHB compound wet tyres may be used. Only Two sets per car may be nominated from Qualifying onwards.

The situation will be reassessed tomorrow depending on the weather.

The Panel of Stewards:

Rikki Dy-Liacco
Chairperson

Tony Tan
International Steward

Naohiro Fujita
National Steward
