

Event: Fanatec GT World Challenge Asia Powered by AWS Rounds 9 & 10

Date: 19 August 2023

Time: 21:01

Stewards Decision Number: 16

Session: GT3 Race 1

From: The Stewards of the Meeting

To: All Competitors

The Panel of Stewards, having received a report from the Fanatec GT World Challenge Asia Race Director, interviewed the official timekeeper, reviewed all available timekeeping data relevant to the incident.

Upon investigation, it has been identified that there had been a technical issue with the in-car signaling system where some cars may have had their displays showing "FCY" when there was no instruction from race control. The technical issue included a message on the timing monitors stating "Full Course Yellow" when a normal message for an FCY would have been "Full Course Yellow in 10 Seconds" issued by the Race Director. This will then be followed by a verbal countdown from the Race Director and subsequently, yellow flags and FCY boards will be shown on all marshals posts. This may have caused some confusion and resulted in a change of position for some cars.

It is also noted that the Race Director's Briefing Slides on Full Course Yellow, which he explained during the Team Managers' and Drivers' Briefing, were not followed by all cars.

In view of the findings above, the Stewards have decided on no further action.

[Competitors are reminded that they have the right to appeal the decisions of the Stewards (with the exception of those referred to in Art. 12.3.4 of the FIA ISC), in accordance with Art.15 of the FIA ISC.]
