

BULLETIN 2

PIT STOP LOCATION / APRON:

Each car will perform their pit stop outside their garages. Your allocated working space will be 1m from the outer edge of the yellow line.

We have three teams with “extra cars”; Phantom 3 cars in two garages, Climax 3 cars in two garages and Absolute 5 cars in four garages. As discussed with Karl, these “extra” cars will stop by the “wall” in between garages 27 and 28 for Absolute, 9 and 10 for Climax and 3 and 4 for Phantom.
